

Street Health Centre's Hepatitis C Team

Street Health Centre's Hepatitis C team is one of 15 provincially funded teams in Ontario providing access to education, testing, and/or treatment to individuals who have difficulty accessing the mainstream healthcare system. Our multidisciplinary team provides clients with a holistic, community-based approach with the main goal of improving access to Hep C care, testing and education.

The team is made up of the following individuals:

Throughout your testing or treatment journey, we strive to provide you with a non-judgmental environment, supporting you in every step of the process. We provide education, testing, bloodwork, fibroscans, and treatment through experienced liver specialists all under one roof!

Referral process

Clients can self-refer directly to our team by phoning (613.549.1440) or visiting us in person at 115 Barrack Street (corner of Barrack and Bagot).

For healthcare providers who wish to refer patients, please fax a copy of the [SHC Referral Form](#) to 613.549.7986 or phone us at 613.549.1440.
